

Heluss Inc

Three pager

What is Heluss?

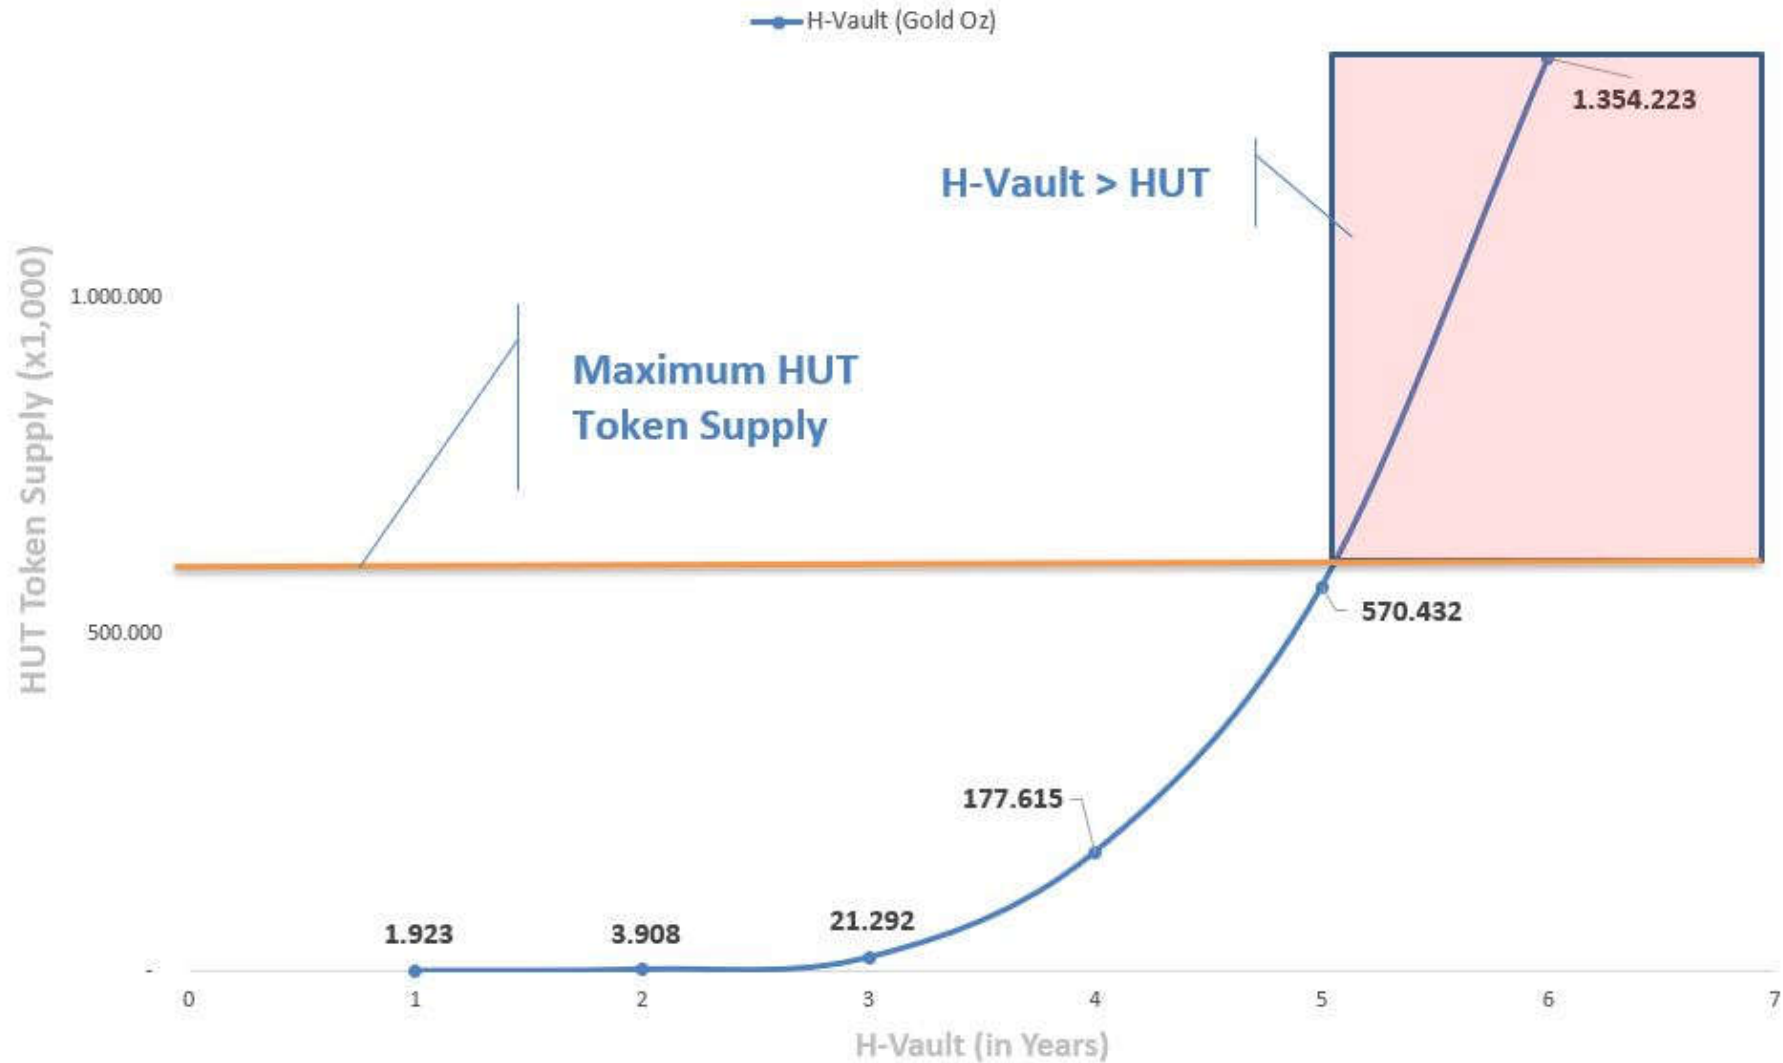

Heluss disrupts the insurance industry by transforming how the policy works; by utilizing Blockchain Technologies, Smart Contracts and AI in Claims Management, Heluss is taking insurance back to its roots...**Serving the Community.**

What is Heluss Business Model?

- 40% of the premium is allocated to the claims and reinsurance fund. Any savings are returned to token holders as bonuses, rewards, incentives, and other such means to rally community engagement.
- 40% of the premium is tokenized for you in HUT token; the funds are kept in a reserve “H-Vault” to back Heluss ecosystem value in the form of hard assets such as Gold.
- 20% of the premium is allocated to Heluss ecosystem operations.
